Global maintenance & support

WASHING, DRYING & STORING IN 10 MINUTES WWW.POLYMOUNT-INT.COM

GLOBAL MARKET LEADER

Since 2004 over 500 Polymount Plate Cleaners have been installed at flexo printers.

Polymount were the first to bring a perfect solution to efficient automated plate cleaning and drying. The Polymount Plate Cleaner is a high quality industrial product that is built using the most robust components available. The machine is practically maintenance free and has evolved into a very user friendly machine with minimum handling.

We offer a range of sizes, starting from 600 mm (24") wide, up to 1600 mm (62") wide.

Cleaning plates with our machines will save you considerable amounts of money on your consumables. The starting prices of these machines are very attractive and your Return On Investment is only a matter of months.

ECO-FRIENDLY

Health and safety departments all over the world have embraced the eco-friendly nature of the machine.

The quantity of Polywash liquids used by the machine is roughly five times less when compared to manual washing.

POLYMOUNT

CREATORS OF REUSABLE SOLUTIONS

Polymount International was founded in December 2002. The company philosophy is to create products that enable flexo printers to save money on their consumables, become more efficient and optimise print quality.

Polymount manufactures two main products, one of which is the Twinlock self-adhesive sleeve. The other is an automated printing plate cleaner. Polymount is the global market leader with these products.

Polymount has several sales offices, manufacturing sites and exclusive distributors outside The Netherlands.
